Help shape how Calne and its surrounding villages evolve over the next 10 years

The Calne Community Neighbourhood Plan (CCNP) will identify land uses and priorities for its area to guide planning decisions.

The CCNP is a community-led consultation programme intended to create a viable neighbourhood development plan for the Calne Town and Calne Without communities. The plan, when finalised, will provide policies that will guide all future development in our region. It will be a legally binding document that will need to be consulted when future planning applications, strategies and policies for our communities are being considered.

We are asking for your views on the topics that affect all of us living and working in the area.

Thank you if you have already responded to our questionnaires, but please carry on responding to questionnaires that will be sent to you in future, and, if at all possible, attend our open events such as the ones to the left.

For more details please contact Clare Harris on **01249 814000**, visit www.calne.gov.uk or www.calnewithoutpc.org and follow the link to Neighbourhood Planning or email us at calne@calne.gov.uk
